

SAFETY GRIDS

Steel safety grids with powder coating

DESCRIPTION

The Hermelock manhole covers can be equipped with a safety grid, to prevent objects or persons falling into an opened shaft. At the same time, this grid is filtering the waste water to the drain, lifting any object that should not fall into the sewerage system.

ADVANTAGE PRODUCT

- Avoids that an object can fall into sewing system whess manhole cover is open.
- Colour: red

MATERIAL

Steel with powder coating

REFERENCE	ART.N°	MATCHING MANHOLE COVERS	A X A	Ø A	H	KG	PACK
SG400S		HE400SB, HE400SBR, HE-Connect	305x305	-	1,8	1,0
